Dear Community of Wayne,

"I give you a new commandment, that you love one another. Just as I have loved you, you also should love one another. By this everyone will know that you are my disciples, if you have love for one another." John 13: 34-35

I begin with a huge "thank you" to all our new neighbors and friends who have welcomed Dan and me so openly into your town. While the men were unloading our belongings from the moving truck, a neighbor brought us some homemade canned goods to get our pantry started; folks from the church left us goodies in the fridge, a basket of fruit and flowers to brighten up the parsonage; I got our library card and met the post-mistress our first week here; and savored lunch a few times at the General Store. Most recently, I got the chance to meet many of you and our summer residents at the church live & silent auctions as well as the Strawberry Festival. If we

haven't met yet, I look forward to it as we settle into life in Wayne.

Something many folks do not know is that when a United Methodist pastor is appointed by the Bishop to serve a church, she is also appointed to serve the community that surrounds that church family. I am here to serve all of you: to listen, to support, and to love you in whatever ways I can. It is my hope that, together, we will transform lives and bring hope, healing, and acceptance to a world divided. This is my prayer. May it become our prayer.

Blessings,
Pastor Angela

Pastor Angela and Dan Rotherham

WAYNE COMMUNITY CHURCH ANNUAL LIVE AUCTION/CELEBRATION

Going, Going, Sold!

The Wayne Church Auction was a huge success again this year. Beginning with an entertaining evening at the Androscoggin Yacht Club on July 5, featuring a live auction and our local auctioneer David Stevenson and entertainer Mike Ladd along with delicious refreshments. Following the live auction on Friday night, the silent auction in fellowship hall at the church offered bidders over 300 gift cards, services and items that Sue and Mike Faulkner and others on the committee gathered for our sale. Bidders were treated to pizza and drinks and the music of Stan Davis when they picked up their items on Sunday July 7.

Thanks to everyone who helped and supported the auction. We have yet to quite make our goal but we are still working at it. Thanks for those who shopped and helped us raise much needed money to support the efforts of the Wayne Community Church. This is our one large fundraiser and we appreciate the support! Next year our Silent Auction will take place on July 10-11, with pick up on Sunday July 12.

Join Steve and Molly Saunders for a talk about their three weeks volunteering recently in El Paso, Texas. As former Peace Corps Volunteers in El Salvador, Steve and Molly decided it was time to be proactive, and headed for Texas to volunteer in a church-run shelter for migrants coming from Central America. They will share their experiences and describe what they found during their stay. Who are these asylum seekers? Why are they making this dangerous journey to the US? How are they being treated while in detention? How were these people helped on their way by volunteers working at these shelters in El Paso once the migrants were released from detention? And what can be done in the future about this human situation?

Join us at the Library on Thursday, August 8th at 6:30. (Lower Level)

Wed. Aug. 14, 7PM: The Arctic and Antarctic: A Visual Journey Presented by Mark Rochkind (Library Lower Level)

The polar regions, north and south, are different in many ways. The Arctic is more accessible as it is contiguous with the land masses of North America and Asia. The Antarctic is an island continent surrounded by water and very strong winds and currents. Polar bears are found only in the Arctic; penguins are endemic to the south. Blue Whales, the largest mammals ever to inhabit earth, are found in both regions. Evident climate change is affecting the food chain and

subsequently animal life. Polar bears have become very aggressive. The sizes of penguin colonies have decreased. Glaciers are receding. Yet the vast rugged landscapes typical of the Arctic and Antarctic remain humbling. Join us for stunning photography and learn about these fascinating parts of our planet. (Library Lower Level)

Traveling Brushes Redux - Friends Who Paint in Wayne

Cary Memorial Library's William House Art Exhibit August 15-19

Once again the Cary Memorial Library will be hosting an art exhibition August 15,16,17,18, and 19 at the Williams House on 14 Old Winthrop Road, Wayne. The event will feature watercolors by Jann Haynes Gilmore and oils by George Hamilton. Both artists are from away but spend time in Wayne every summer.

Gilmore is a familiar artist in Wayne whose work appeared on six biennial House Tours. She has recently written a book on the Alice in Wonderland room that is being relocated to the Williams House Barn. Most of her work will feature local and Maine scenes.

George Hamilton graduated from West Point and had a career in the U.S.Army. While later living in Connecticut, he studied art. He now lives on the Chesapeake Bay in Maryland and is known for his knowledgeable depictions of watercraft and the charming villages of the Eastern Shore. When visiting Maine he paints scenes on Lake Androscoggin and seaside ports along the Maine coast.

The public is invited to a **reception at the Williams House that will open the exhibition on Thursday August 15 from 6-8PM.** Both artists will be present.

The exhibition will run:

Friday August 16 from 10-1

Saturday August 17 from 10-3

Sunday August 18 from 1-4

Monday August 19 from 10-12

A percentage of the art sales will be donated to the Alice Room Project. For information call the CML at 207-685-3612.

The YCC program of the 30 Mile River Watershed Association helps safeguard water quality by installing shared low-cost erosion control projects for landowners throughout our watershed.

- Do you see signs of soil erosion on your property?
- Does your yard have areas of bare soil?
- Does your driveway/path move downhill towards the lake?
- Do you have soil displacement under roof drip lines?
- Are your culverts not operating as they should?

If you are interested in a free site consultation, email Will at william@30mileriver.org. You can also learn more about our YCC program by visiting our website at www.30mileriver.org.

LOCAL EVENTS & ANNOUNCEMENTS

The Wayne Farmers' Market is open for our 11th season! The Market has become an institution in town, bringing us together to support local farmers and producers while meeting up with friends and neighbors for good conversation. On Saturday mornings, from Memorial Day weekend (May 25) through Labor Day weekend, we can enjoy fresh, healthy and delicious foods, as well as plants, flowers, body care products and local crafts. There are some new vendors and products this year - a wide array of vegetables, herbs, meat, poultry, eggs, dairy products, maple products, baked goods, pies, pepper jellies, plants, flowers, soaps, natural skin care products, pottery and more.

Sam Saunders will again be conducting cooking demonstrations, using products from the market vendors. Tasty free samples will be available, as we learn interesting ways to prepare food creatively.

Music will enhance the market most weeks. Come and hear spontaneous songs about what's for sale! Kids are invited to dance and sing along. (Adults, too.)

The market runs from 9am until noon, on the green next to the post office on rte. #133, overlooking the mill pond.

AGING AT HOME NEWS, AUGUST 2019

AAH and the Town of Wayne are planning a shredding event that will hopefully be held in August. Stay tuned!

To let you know: Winthrop Police Station will receive all of your unused and unwanted medications any time. Just drop them off at the Police station into their "Med Mailbox."

Donations to AAH are gratefully accepted. They help support our Elder Luncheons, the reflective numbers giveaway, and services to those who can't afford to pay. If you care to contribute, send a check made out to Town of Wayne and specified to AAH, to: Town of Wayne, PO Box 400, Wayne ME 04284. Thank you!

Fall Prevention Thoughts from AAH

Think about your fear of falling; what do you fear? How can you improve your movements and decrease your fear? When you avoid walking because you fear you might fall, you don't do the movements you need to help improve your balance. This may lead to MORE falls. Here are ways to improve:

Check your house for and remove tripping hazards, such as scatter rugs, clutter, and obstacles to your easy movement in the home.

Make sure your home and stairs are well lighted.

Wear sensible shoes.

Get out and walk frequently. Use a cane, use a walker, hold the arm of a friend, but walk!

Have your vision checked and wear the glasses prescribed by your eye doctor.

Check with your PCP to see if your medications may make you more prone to falls.

Join a Tai Chi class, take Yoga, or go to a Physical Therapist. These have proved to be key in fall prevention.

Movement improves your balance AND your overall health.
