One of the inventions for which I am most grateful is the thermostat. Throughout these frigid cold days, imagine what life would be like if all we had were thermometers?

Those thermometers would be recording bitter cold temperatures, but all the while, we would have no way to counteract the frigid blasts. We'd be at the mercy of every icy breeze that came our way.

But thankfully, we do have thermostats and we are at liberty to choose the temperatures at which we feel most comfortable.

This past week, I was thinking about churches in this same light. We have two types; we have thermometer type churches – and we have thermostat type churches. Thermometer types are continually at the mercy of their circumstances. If a big need arises, you may as well look in the opposite direction, because 'the mercury' is not going to rise. Nothing is going to happen to change anything!

Yet, on the other hand, thermostat churches

A note from the Finance Committee:

The United Methodist New England Conference budget allows the Methodist Church to fulfill our vision and mission throughout the US and the world. Local churches' participation in each annual budget is expressed as Mission Shares or Apportionments.

These are divided into 3 funds – **World Missions, New England Missions and Ministry Support.**

This year the Wayne Community Church budgeted for, and paid in full, the Ministry Support of \$12,385.

But still outstanding was:

\$4489 for **New England Missions** – which pays for things like campus and youth ministries, congregational development, leadership development, commissions on Diversity and many other things within the New England conference.

\$4959 for **World Missions** which pays for things like Ministries and Mission work in the US and throughout the world, Black college

can choose to rise to the need that's before them. And that is precisely what the Wayne Community Church did on "Make a Change" Sunday (December 30, 2018)! The plea went out: "Please, bring us your loose change (or paper!). We want/need to respond to the Conference's call for Apportionments....

And the church DID! The sum total of the collection? \$1,581.00!!!

How exciting it is to be part of this incredible 'thermostat' church!

Thanks be to God!

funding, African University funding, and Episcopal funding (supports Bishops offices and retired Bishops)

At our year-end Finance Committee meeting in December, the committee felt that the best we could cover of the New England and World Missions was \$1000 to each of these funds.

So, Pastor Ruth suggested **Make a Change Sunday.** On Sunday, January 6 we asked for donations so that we could increase our giving to our United Methodist Mission Shares for 2018. We are thrilled to report that we raised another \$1500 on January 6. In addition to that we have had an individual pledge of \$1000, and between contributions and pledges being fulfilled during the last week of December, we were able to contribute another \$1500.

Now we are pleased to report that in addition to paying our Ministry Support in full, we have also paid \$3000 to each of the New England Missions and World Missions representing over 60% of our apportionments.

Thanks so much to all who supported this effort. Blessings to you all.

Wayne Friends: Want to support a struggling unpaid shutdown worker? We can help....

The Wayne Church already has a pathway to small miracles for an unpaid Federal worker with a family to feed and keep warm: through the church, we can take your donation and use our long standing participation in the Hannaford Gift Card program to buy these “cash cards” and deliver them to families in our region who can use a boost, right now. Mail the church or call Hazel Stevenson, administrator (685-4007), or Doug Stevenson (242-8504), for information. Today. These anxieties and needs are not going to be solved by themselves; we can do this. Thank you.

Greetings Wayne Library Patrons,

The Board of Trustees would like to announce a wonderful gift to the Library, of folk-art Alice in Wonderland Panels, from Grace Burleigh. The panels were painted in 1932 by Alfred Merian as a gift to his mother who lived in Wayne. They were installed in a small upstairs room, and have been visited by many children and Wayne residents and visitors over the years. Grace has now lived in the house for many decades, and has decided to donate the panels so they continue to share their magic with future generations. A team of professional conservators have now removed and crated the panels.

The 'Mad Hatter Committee' and members of the Board have been meeting with designer, Augusta French, to decide on possible places to recreate the room at the Williams House. A Fundraising Effort will begin shortly. We will keep you informed of this fascinating effort.

Judy Danielson, President

Board of Trustees

FIRST SATURDAY AT THE WILLIAMS HOUSE, 14 Old Winthrop Road, Wayne BOOK SALE * BOUTIQUE * BREAKFAST

SATURDAY February 2nd - 9 to noon

Please join us for First Saturday at Cary Library's Williams House. Check out the new additions to the book sale and the boutique. While you are here, try our cinnamon buns, scones or quiche. All proceeds benefit the Wayne Library Association. FMI, call 685 3612.

And a Note from the Mad Hatters:

The Alice in Wonderland Room is being preserved!

Thank you, Grace Burleigh! Many of us have fond memories of the "tea parties" Grace hosted in the unique "Alice Room" at her home (it was also a centerpiece stop on a recent Home Tour). This iconic cultural art installation has a special place in our hearts and in local Wayne history. Grace has asked that it be preserved for future generations of Wayne families and has donated the entire room to the library for the enjoyment of the Town. The Library has accepted the painted wall panels recently painstakingly removed by Maine based internationally acclaimed art conservators. The next steps are to properly treat and protect the artwork and then to replicate the room and reinstall the art. Watch for more news about this special project as the "new home" plans are completed. The room was created in 1932 by Alfred Merian as a gift for his mother; who owned the home in the 1930's. More information is available in Wayne Historical Society records and reports. FMI: Holly Stevenson 685-9005.

LOCAL EVENTS & ANNOUNCEMENTS

SUSTAIN WAYNE

We are in the process of planning our 2019 programming and look forward to some fun community events this year, including a potluck supper, environmental sustainability programming, and another ever-popular outdoor dinner.

We continue to fundraise for Phase I of the Masonic Hall Renovation, which will save the building by lifting it out of the flood plain, replacing the sill and footings, and resting it back down on a new concrete foundation. Phase I will also complete necessary roof, window, façade repair, and provide for on-site reuse of the existing granite foundation.

Sustain Wayne was awarded a \$50,000 Community Development Block Façade Improvement Grant by the Maine Office of Community Development. While a majority of the funding will go toward exterior repairs and improvements (since it's a façade improvement grant); \$20,000 can be allocated towards replacing the sill and footings of the building. Along with the \$16,000 we have received from 70 area donors we are almost half way to our fundraising goal.

We still need to raise \$75,000 towards the foundation and site work, but we are still hopeful to begin much-needed renovations to save the Hall this spring.
